
Curriculum Vitae

of

Mr. Evangelos Zacharakis FRCS(*Eng*), FECSM, FEAA

May 2015

PERSONAL DETAILS

First Name : Evangelos
Surname : Zacharakis
Date of birth : 01/06/1975
Gender : Male
Nationality : Greek
Address : 7, Admiral Walk, W9 3TD, London
e-mail : evangelos.zacharakis@doctors.org.uk
Tel : 07760109672

PROFESSIONAL ORGANISATIONS

- **General Medical Council (UK)** – Full Registration (No: 6108478)
- **General Medical Council (Greece)** – Full Registration
- **Member of ESSM**
- **Member of ISSM**
- **Member of British Association of Urologists**
- **Member of European Association of Urologists**
- **Member of Hellenic Association of Urologists**

QUALIFICATIONS

- **Fellow of European Academy of Andrology (FEAA)**
Oct 2013
- **Fellow of European Committee of Sexual Medicine (FECSM)**
Dec 2012
- **Fellow of Royal College of Surgeons of England (FRCS)**
Oct 2011
- **Certificate of Completion of Training in Urology (CCT) [Greece]**
Feb 2011
- **[MBBS equivalent] Master (Physician M.Sc)**
I. P. Pavlov Higher Medical Institute, Plovdiv, Bulgaria (1994-2000)

PRIZES/AWARDS

- **Markowitz Prize** for Most Outstanding Specialist Registrar in Urology at UCL/UCH (Nov 2011)

RESEARCH

- Sep 2006-2007 **One year student MSc in Urology**

Royal Free and University College Medical School, University College London, Institute of Urology and Nephrology (2006-2008)

THESIS: In men with early prostate cancer, who are treated with primary HIFU, to what extent can the following outcomes be understood / defined?

SUPERVISOR: Prof. M. Eberton

- July 2010- July 2014 **PhD in Urology**

2nd University Department of Urology, National University of Athens in association with the Andrology Department of University College Hospital of London

THESIS: Ischaemic Priapism – pathophysiology and histopathology of the disease, predictive value of the current diagnostic methods and surgical treatments

SUPERVISOR: Prof Ch. Deliveliotis and Mr D. Ralph

CURRENT APPOINTMENT

Oct 2013 – present **Consultant Urological Surgeon**

Guys Hospital, King's College London, UK

Specialist Interest: **Genitourethral Reconstructive Surgery & Andrology**

PAST APPOINTMENTS

Oct 2012 – Sep 2013 **Senior Clinical Fellow in Laparoscopic & Robotic Urology**
[12 months]

Institute of Urology, University College Hospital of London, UK

Duties: ward and theatres, A&E department, outpatient clinics, 1:14 on call rota

Oct 2011 – Sep 2012 **Senior Clinical Fellow in Laparoscopic Urology**
[12 months]

Department of Urology, Royal Surrey County Hospital, UK

Duties: ward and theatres, A&E department, outpatient clinics, 1:5 on call rota

May 2009 – Sep 2011 **Senior Clinical Fellow in Reconstructive Urology & Andrology**
[29 months]

Institute of Urology, University College Hospital of London, UK

Duties: ward and theatres, A&E department, outpatient clinics, 1:14
on call rota

Dec 2007 – Apr 2009 **Resident in Urology**
[17 months]

2nd Department of Urology, Aristotle University of Thessaloniki
'Papageorgiou' General Teaching Hospital of Thessaloniki,
Greece

Duties: ward and theatres, A&E department, outpatient clinics, 1:3
on call rota

Aug 2006- Nov 2007 **Senior House Officer in Urology**
[16 months]

Rotation post:

6 months Uro-oncology,
6 months Female and Adolescent Urology
4 months Reconstructive Urology

Institute of Urology, University College Hospital of London, UK

Duties: ward and theatres, A&E department, outpatient clinics, 1:5
on call rota

Feb 2006- May 2006 **Honorary Clinical Fellow in Urology**
[4 months]

Institute of Urology, University College Hospital of London, UK

supervised by Prof. A.R. Mundy

Jul 2005-Feb 2006 **Resident in Urology**
[8 months]

2nd Department of Urology, Aristotle University of Thessaloniki
'Papageorgiou' General Teaching Hospital of Thessaloniki, Greece

Duties: ward and theatres, A&E department, outpatient clinics, 1:4
on call rota

- Mar 2005-Jun 2005 **Resident in Cardiothoracic Surgery**
[4 months]
'Agios Loukas' General Hospital of Thessaloniki, Greece

Duties: ward and theatres, 1:4 on call rota.
- Sep 2004- Feb 2005 **Resident in General Surgery**
[6 months]
District General Hospital of Veroia, Greece

Duties: ward and theatres, A&E department, outpatient clinic, 1:3 on call rota
- Mar 2004- Aug 2004 **Resident Officer in A&E**
[6 months]
District General Hospital of Veroia, Greece

Duties: ward 1:3 on call rota
- Sep 2003- Feb 2004 **Resident Officer in General Surgery**
[6 months]
'412' General Military Hospital of Xanthi, Greece

Duties: ward and theatres, A&E department, out patient clinics, 1:3 on call rota
- Feb 2003-Aug 2003 **Medical Officer in Greek Army**
[6 months]
(Compulsory service in Greece)

Duties: Primary care and nursing staff education into an Army Division
- Oct 2000-Jan 2003 **Junior Resident in Surgery (HO level)**
[26 months]
4th Department of Surgery, Aristotle University of Thessaloniki
'G.Papanikolaou' General Teaching Hospital of Thessaloniki, Greece

COURSES

1. **7th Master Class of Urethro-Genital Surgery**
Institute of Urology, University College Hospital of London, UK (11/2013)
2. **Microsurgical Vasectomy Reversal and Male Infertility Workshop**
Institute of Urology/BAUS section of Andrology, University College Hospital, UK (12/2010)

3. **4rd Master Class of Urethro-Genital Surgery**
Institute of Urology, University College Hospital of London, UK (11/2010)
4. **Reconstructive techniques in Urology**
The Royal College Surgeons of England (9/2010)
5. **Laparoscopic Suturing/Stapling Course**
Postgraduate Medical School, University of Surrey (06/2010)
6. **Urological Anatomy for Surgery**
The Royal College Surgeons of England (5/2010)
7. **3rd Master Class of Urethro-Genital Surgery**
Institute of Urology, University College Hospital of London, UK (11/2009)
8. **Penile and Urethral Reconstruction Surgery**
The Royal College Surgeons of England (11/2009)
9. **EAU 2nd Leading Lights In Urology Meeting** (5/2009)
The European Association of Urology, London, UK
10. **2nd Master Class of Urethro-Genital Surgery**
Institute of Urology, University College Hospital of London, UK (11/2008)
11. **Female Urinary Incontinence** (1/2008)
The Royal College of Surgeons of England, UK
12. **1st Master Class of Urethro-Genital Surgery**
Institute of Urology, University College Hospital of London, UK (6/2007)
13. **Green Light PVPTM Laser System for the treatment of Benign Prostatic Hyperplasia**
King's College Hospital, London, UK (12/2006)
14. **Urinary Tract Obstruction**
Royal College of Surgeons of England, UK (12/2006)
15. **Acute Renal Failure**
UK Conference of Educational Advisers (11/2006)
16. **Chronic Kidney Disease**
UK Conference of Educational Advisers (11/2006)
17. **Basic Surgical Skills Course**

Kingston Postgraduate Medical Centre, approved by The Royal College of Surgeons of England (11/2006)

18. Managing Erectile Dysfunction

UK Conference of Educational Advisers (11/2006)

19. NICE Cancer Referral Guidelines - Urological Cancer

UK Conference of Educational Advisers (11/2006)

20. Carcinoma of the Prostate

UK Conference of Educational Advisers (11/2006)

21. Communicating with Patients about Sex and Relationships

UK Conference of Educational Advisers (11/2006)

22. Kidney Stones

Royal College of Surgeons of England, UK (11/2006)

23. Advanced Interactive Course in Urodynamics

University College Hospital of London, Institute of Urology, UK (06/2006)

24. Advanced Trauma Life Support (ATLS) Course

Hellenic National Center, Department of Surgery, University of Patras, Greece, approved by American Association of Surgeons (12/2003)

PROFESSIONAL EXPERIENCE

- During my current job as a Consultant Urologist at Guy's Hospital, I am responsible to deliver service as a leader in the field of Genito urethral Reconstructive Surgery and Andrology

- During the Fellowship in Robotic Urology at UCH, I received training and gained experience in many advanced procedures in uro oncology including robotic radical prostatectomies, robotic extended PLND, robotic partial or radical Nephrectomies and Nephroureterectomies, robotic pyeloplasties and robotic cystectomies with intracorporeal urinary diversion.

In addition to the operative workload, during this time I was involved in the delivery of service in one out-patient clinic per week (SMDT cancer clinic). I also run the delivery of the clinical service as a senior fellow in the department and coordinated care on the ward in conjunction with the junior staff and consultants in the department. Finally, I also participated as a Senior Registrar in General Urology for the point of view of urological emergencies where I ran the emergency general urology cover in a 1:5 rota

- During the Fellowship in Laparoscopic Urology at Royal Surrey Hospital, I received training and gained experience in many advanced procedures including

laparoscopic radical prostatectomies, Lap extended PLND, Lap Nephrectomies and Nephroureterectomies and Lap pyeloplasties

In addition to the operative workload, during this time I was involved in the delivery of service in one out-patient clinic per week (prostate cancer clinic). I also run the delivery of the clinical service as a senior fellow in the department and coordinated care on the ward in conjunction with the junior staff and consultants in the department. Finally, I also participated as a Senior Registrar in General Urology for the point of view of urological emergencies where I ran the emergency general urology cover in a 1:5 rota

- During the Fellowship in Reconstructive Urology and Andrology at UCH, I received training and gained significant experience in many advanced and intermediate procedures including: urethroplasties of anterior and posterior urethra using BMG, urorectal fistula repair with gracilis flap, perineal urethrostomies, implantation of AUS, reconstructive surgery of the bladder and ureters, implantation of penile prosthesis, glansectomies, partial and total penectomies using SSG, open PLND, inguinal LND with satorius flap, Nesbit's and Lue's procedure, RAP phalloplasties, reversal vasectomies, micro TESE, penile reconstruction with FTSG etc . for both benign and malignant diseases.

In addition to the operative workload, during this time I was involved in the delivery of service in four out-patients clinics per week (male reconstruction, infertility, erectile dysfunction and general andrology and postop follow up). I also run the delivery of the clinical service as a senior fellow in the department and coordinated care on the ward in conjunction with the junior staff and consultants in the department. Finally, I also participated as a Senior Registrar in General Urology for the point of view of urological emergencies where I ran the emergency general urology cover in a 1:14 rota. Moreover, I was 24 hours on call every day for the following emergencies:

1. Priapism patients
2. Patients who have implanted AUS
3. Patients who have implanted penile prosthesis

- During my 23 months training in Urology in Greece, I have received surgical training at Registrar and Senior Registrar level. I have been responsible for the pre- and post- operative management of the patients in the ward and have been working on a 1:4 on call rota. I have gained experience in dealing with urological emergencies and acute and chronic urological conditions and I carried out (with and without supervision) a number of minor, intermediate and major elective and non-elective operations. My training included all aspects of General Urology including Andrology, Uro- Oncology, Female Urology and Endourology. I have also assisted in numerous major laparoscopic procedures including laparoscopic prostatectomy. I have, also, had the opportunity to participate in the departmental research activities and presented papers at scientific meetings.

TEACHING EXPERIENCE

As a military medical officer I was responsible for educating nursing and medical staff and teaching basic medical and first aid skills to the soldiers. In my subsequent posts I was also responsible for educating junior house officers and nursing staff in the practical aspects of patient management, such as fluid management, wound care and basic technique such as catheterization as well as running regular teaching sessions for medical students during their attachments as well as the run-up to finals. I have also taught on avoidance of sexually transmitted diseases and narcotic dependency to students. During my training in Greece, I have also been responsible for educating junior Residents and nursing staff in the practical aspects of patient management, such as peri-operative management, wound care and basic urological techniques.

Besides I was running regular teaching sessions for UCL medical students during their attachments as well as the run-up to finals. In particular, I have taught on the topic 'critical decisions in urology' to students in several teaching sessions.

RESEARCH EXPERIENCE

- **McS Thesis - In men with early prostate cancer, who are treated with primary HIFU, to what extent can the following outcomes be understood / defined?**

The following Research Question was addressed:

In men with early prostate cancer who are treated with HIFU, to what extent can the following outcomes be understood / defined?

1. What is the PSA nadir at three months post treatment that is associated with long term freedom from biochemical progression?
2. What is the extent of within patient variability of PSA following HIFU treatment?
3. What is the level of association between post treatment PSA at three months and post treatment prostate volume?
4. What are the determinants of PSA failure after HIFU treatment?

The following questions have been addressed in a structured, collaborative research program in which the baseline characteristics, disease severity, conduct of therapy and biochemical, histological and psycho-social outcomes have been determined in a well characterized cohort of men.

Part of this work has already been presented in International Scientific Meetings and also been submitted in International Medical Journals

- **PhD Thesis - Ischaemic Priapism – pathophysiology and histopathology of the disease, predictive value of the current diagnostic methods and surgical treatments**
Aim of the study I

For the first phase of the study we will compare the histopathological results of the corporal biopsies in patients with ischaemic priapism for more than 24 hours with the results of the penile Doppler ultrasound scan and MRI scan in order to confine the predictive value of these imaging studies.

Aim of the study II

In this phase we will compare the early insertion of penile implant with the T shunt and 'snake' maneuver technique and their efficacy for the treatment of the ischaemic priapism according the IIEF-5 questionnaire (pre and post operatively)

Aim of the study II

In this phase we will compare and analyze the histopathology results of the patients with ischaemic priapism with these of healthy corporal tissue.

The Institute of Urology, University College Hospital of London
BJU Int suppl s1, 2011; 108: 1–16
Presented in Annual Meeting of the British Association of Urological Surgeons (BAUS), 6/2011, Liverpool
20. Venkatesan K, Andrich D, **Zacharakis E**, Allen C, Mundy AR
The Use of Magnetic Resonance Imaging in Uro-rectal Fistula
The Institute of Urology, University College Hospital of London
J UROLOGY suppl 185(4) May 2011; 14
Presented in 106th Annual Meeting of the American Urology Association (AUA), 5/2011, Washington
21. Andrich D, Venkatesan K, **Zacharakis E**, Mundy AR
Non-transecting bulbar anastomotic urethroplasty: 1 year outcome
The Institute of Urology, University College Hospital of London
J UROLOGY suppl 185(4) May 2011; 83-84
Presented in 106th Annual Meeting of the American Urology Association (AUA), 5/2011, Washington
22. Shabir M, Muneer A, Shukla CJ, **Zacharakis E**, Ralph D, Minhas S
Is Pelvic Lymph Node Dissection for pN2 Penile Cancer necessary?
The Institute of Urology, University College Hospital of London
J UROLOGY suppl 185(4) May 2011; 239
Presented in 106th Annual Meeting of the American Urology Association (AUA), 5/2011, Washington
23. **Zacharakis E**, Shabbir M, Walkden M, Allen C, Kirkham A, Minhas S, Ralph D, Muneer A

Distal corpus cavernosum smooth muscle fibrosis due to non-ischaemic priapism- should embolisation be performed earlier?

The Institute of Urology, University College Hospital of London

J UROLOGY suppl 185(4) May 2011; 619

Presented in 106th Annual Meeting of the American Urology Association (AUA), 5/2011, Washington

24. Zacharakis E, Muneer A, Shabbir M, Freeman A, Minhas S, Allen C, Kirkham A, Ralph D

Correlation of proximal and distal corpus cavernosum biopsy with colour doppler ultrasonography in ischaemic priapism

The Institute of Urology, University College Hospital of London

J UROLOGY suppl 185(4) May 2011; 725

Presented in 106th Annual Meeting of the American Urology Association (AUA), 5/2011, Washington

25. Shukla CJ, Zacharakis E, Nigam R, Malone P, Ralph DJ, Muneer A, Minhas S.

Does superficial modified lymph node dissection have a role in the management of clinically node negative patients with penile cancer?

The Institute of Urology, University College Hospital of London

Eur Urol suppl 2011; 10(2):341

Presented in European Association of Urologists (EUA), Annual Meeting, 3/2011, Vienna

26. Shabbir M, Shukla CJ, Zacharakis E, Ho KJ, Nigam R, Malone P, Ralph DJ, Freeman A, Muneer A, Minhas S.

Is Pelvic Lymph Node Dissection for pN2 Penile Cancer necessary?

The Institute of Urology, University College Hospital of London

Eur Urol suppl 2011; 10(2):340

Presented in European Association of Urologists (EUA), Annual Meeting, 3/2011, Vienna

27. Zacharakis E, Muneer A, Shabbir M, Freeman A, Minhas S, Allen C, Kirkham A, Ralph DJ.

Correlation of proximal and distal corpus cavernosum biopsy with colour doppler ultrasonography in ischaemic priapism

The Institute of Urology, University College Hospital of London

Eur Urol suppl 2011; 10(2):316

Presented in European Association of Urologists (EUA), Annual Meeting, 3/2011, Vienna

28. Zacharakis E, Shabbir M, Walkden M, Kirkham A, Allen C, Minhas S, Ralph DJ, Muneer A.

Distal corpus cavernosum smooth muscle fibrosis due to non-ischaemic priapism- should embolisation be performed earlier?

The Institute of Urology, University College Hospital of London

Eur Urol suppl 2011; 10(2):316

Presented in European Association of Urologists (EUA), Annual Meeting, 3/2011, Vienna

PRIZE as BEST PRESENTATION

29. Andrich D, Zacharakis E, Mundy AR

Complications of ‘Social’ Lithotomy

The Institute of Urology, University College Hospital of London

J UROLOGY suppl 183(4) Apr 2010; 16

Presented in 105th Annual Meeting of the American Urology Association (AUA), 5/2010, San Francisco, CA

30. Garaffa G, Raheem A, **Zacharakis E**, Muneer A, Christopher N, Ralph D.
Penile prosthesis insertion in Peyronie’s disease
The Institute of Urology, St Peter’s Andrology, London, United Kingdom
Eur Urol suppl 2010;9(2):183
Presented in European Association of Urologists (EUA), Annual Meeting, 4/2010, Barcelona
31. Kalsi J, **Zacharakis E**, Muneer A, Minhas S
In the era of microdissection TESE – Are there any histopathological/ biochemical factors predictive for successful sperm retrieval in men with Sertoli cell only?
University College London Hospitals, Dept. of Urology, London, United Kingdom
Eur Urol suppl 2010;9(2):156
Presented in European Association of Urologists (EUA), Annual Meeting, 4/2010, Barcelona
32. Kalsi J, **Zacharakis E**, Garaffa G, Muneer A, Christopher N, Ralph D, Minhas S.
Glans resurfacing for benign and malignant conditions: A UK experience
UCL Hospitals, London, United Kingdom
J Sex Med 2009; 6(suppl 5): 429–479
Presented in the 12th Annual Meeting of the European Society for Sexual Medicine (ESSM), 11/2009 Lyon
33. Garaffa G, Raheem A, Khadra A, **Zacharakis E**, Minhas S, Muneer A, Christopher N, Ralph D.
Penile prosthesis insertion in Peyronie’s disease
The Institute of Urology, St Peter’s Andrology, London, United Kingdom
J Sex Med 2009; 6(suppl 5): 429–479
Presented in the 12th Annual Meeting of the European Society for Sexual Medicine (ESSM), 11/2009 Lyon
34. Garaffa G, Raheem A, Khadra A, **Zacharakis E**, Minhas S, Muneer A, Christopher N, Ralph D.
Penile reconstruction for benign disease with the use of skin grafting
The Institute of Urology, St Peter’s Andrology, London, United Kingdom
J Sex Med 2009; 6(suppl 5):403–420
Presented in the 12th Annual Meeting of the European Society for Sexual Medicine (ESSM), 11/2009 Lyon
35. Ahmed HU, **Zacharakis E**, Illing RO, Armitage J and Emberton M.
Transrectal high intensity focused ultrasound in the treatment of primary localised prostate cancer

Division of Surgical and Interventional Sciences, University College London,
London, UK

BJU Int suppl 5, 2008; 101: 1–16

Presented in Annual Meeting of the British Association of Urological Surgeons
(BAUS), 6/2008, Manchester

36. **Zacharakis E**, Ahmed HU, Dudderidge T, Scott R, Armitage J, Illing RO, Allen C, Emberton M.

Transrectal High Intensity Focused Ultrasound in the Treatment of Localised Prostate Cancer - the first UK series

The Institute of Urology, University College Hospital of London

J UROLOGY suppl 1 179(4) Apr 2008; 493

Presented in 103rd Annual Meeting of the American Urology Association (AUA),
5/2008, Orlando, Florida

37. Ahmed HU, Stevens D, Barbouti O, **Zacharakis E**, Illing RO, Pendse D, Allen C, Freeman A, Emberton M.

Prostate Cancer Risk Stratification and Cancer Mapping – template transperineal prostate mapping biopsies

The Institute of Urology, University College Hospital of London

J UROLOGY suppl 1 179(4) Apr 2008; 155

Presented in 103rd Annual Meeting of the American Urology Association (AUA),
5/2008, Orlando, Florida

38. Ahmed HU, Stevens D, Barbouti O, **Zacharakis E**, Pendse D, Illing RO, Allen C, Freeman A, Emberton M.

The Role of Transperineal Template Prostate Mapping Biopsies in Risk-Stratifying Men with Localized Prostate Cancer

The Institute of Urology, University College Hospital of London

Eur Urol suppl 7(3) Mar 2008; 274

Presented in European Association of Urologists (EUA), Annual Meeting, 3/2008, Milan

39. **Zacharakis E**, Ahmed HU, Ishaq A, Scott R, Illing R, Shaw G, Callearly J, Allen C, Emberton M.

Visually-directed Primary HIFU for treating Localised Prostate Cancer: determinants of PSA kinetics

The Institute of Urology, University College Hospital of London

Urology suppl 3A, 2007; 70: 139-140

29th Centennial Congress of the Société Internationale d'Urologie (SIU), 9/2007, Paris

40. **Zacharakis E**, Ahmed HU, Ishaq A, Scott R, Illing R, Shaw G, Callearly J, Allen C, Emberton M.

Salvage HIFU effectively reduces PSA in patients with biochemical recurrence after attempted curative treatment for prostate cancer

The Institute of Urology, University College Hospital of London

Urology suppl 3A, 2007; 70: 83

29th Centennial Congress of the Société Internationale d'Urologie (SIU), 9/2007, Paris

41. **Zacharakis E**, Ahmed HU, Ishaq A, Scott R, Shaw G, Illing R, Calleary J, Allen C, Emberton M.
Ablative salvage therapy following combination low dose rate brachytherapy and external beam radiation therapy is associated with higher levels of rectal toxicity
The Institute of Urology, University College Hospital of London
Urology suppl 3A, 2007; 70: 83
29th Centennial Congress of the Société Internationale d'Urologie (SIU), 9/2007, Paris
42. Dudderidge T, **Zacharakis E**, Calleary J, Allen C, Illing R, Emberton M.
Factors affecting the need for endoscopic intervention for debris or stricture after HIFU for prostate cancer
The Institute of Urology, University College Hospital of London
Urology suppl 3A, 2007; 70: 307-308
29th Centennial Congress of the Société Internationale d'Urologie (SIU), 9/2007, Paris
43. Rouse P, Shaw G, Calleary J, Ahmed HU, **Zacharakis E**, Illing R, Kirkham A, Freeman A, Allen C, Emberton M.
Can dynamic contrast enhanced magnetic resonance imaging of the prostate reliably detect prostate cancer prior to TRUS biopsy?
The Institute of Urology, University College Hospital of London
Urology suppl 3A, 2007; 70: 100
29th Centennial Congress of the Société Internationale d'Urologie (SIU), 9/2007, Paris
44. D Kamming, A Smith, Ahmed HU, Illing R, **Zacharakis E**, Emberton M.
Anaesthesia for HIFU treatment of prostate cancer in day surgery
The Institute of Urology, University College Hospital of London
Journal of One-Day Surgery suppl, 2007; 17
Presented in Annual Scientific Meeting British Association of Day Surgery (BADS) 6/2007, Torquay, Devon
45. **Zacharakis E**, Illing RO, Ahmed HU, Calleary JG, Allen C, Emberton M.
The use of transrectal high intensity focused ultrasound in salvage treatment in men who have failed primary radiation therapy of presumed organ confined prostate cancer
The Institute of Urology, University College Hospital of London
BJU Int suppl 4, 2007; 99: 6
British Association of Urological Surgeons (BAUS) Annual Meeting, 6/2007, Glasgow

PRESENTATIONS (*Greek meetings*)

1. Maroulis S, **Zacharakis E**, Ioannidou E, Bekos A, Giakoumelos A, Katsikas V
Percutaneous nephrostomy and complications. Our experience
2nd Department of Urology, Aristotle University of Thessaloniki, 'Papageorgiou'
General Teaching Hospital of Thessaloniki
19th Hellenic Congress of Urology, 10/2008, Chalikidiki

2. Maroulis S, **Zacharakis E**, Ioannidou E, Bekos A, Giakoumelos A, Katsikas V
Primary bilateral non-Hodgkin testicular lymphoma
2nd Department of Urology, Aristotle University of Thessaloniki, ‘Papageorgiou’
General Teaching Hospital of Thessaloniki
19th Hellenic Congress of Urology, 10/2008, Chalikidiki
3. Maroulis S, Karaklidis D, **Zacharakis E**, Zoubos I, Tsalikis Ch, Bekos A,
Giakoumelos A, Katsikas V.
The defective urethral catheters and techniques for catheter removal
2nd Department of Urology, Aristotle University of Thessaloniki, ‘Papageorgiou’
General Teaching Hospital of Thessaloniki
18th Hellenic Congress of General Medicine, 04/2006, Corfu
4. Maroulis S, Karaklidis D, **Zacharakis E**, Adamou V, Bekos A, Pahoumi V,
Giakoumelos A, Katsikas V.
Rare cases of female acute urinary retention at the A&E Department
2nd Department of Urology, Aristotle University of Thessaloniki, ‘Papageorgiou’
General Teaching Hospital of Thessaloniki
18th Hellenic Congress of General Medicine, 04/2006, Corfu
5. Zoubos I, Maroulis S, Koliakos N, **Zacharakis E**, Chatzimouratidis K,
Chatzichristou D, Katsikas V.
**Zolendric acid as supplementary treatment for the advanced prostate cancer;
Effect on the osseous complications and osseous density**
2nd Department of Urology, Aristotle University of Thessaloniki, ‘Papageorgiou’
General Teaching Hospital of Thessaloniki
5th Macedonian Urologic Symposium, 11/2005, Thessaloniki
6. Kantziou M, Moisis K, Tsimtsiou Z, **Zacharakis E**, Chatzimouratidis K,
Chatzichristou D, Katsikas V.
**Are the results of the IIEF correlated with the perception of the males about
their erectile function? Comparison with the questionnaire SCSF**
2nd Department of Urology, Aristotle University of Thessaloniki, ‘Papageorgiou’
General Teaching Hospital of Thessaloniki
5th Macedonian Urologic Symposium, 11/2005, Thessaloniki
7. Efkarpidis Th, **Zacharakis E**, Zachariadou M, Kourou E, Fililatzi Ch, Mitilekas V,
Symou E, Perrakis E, Chatziathanasiou T.
Stomach tumors: 5- year experience
District General Hospital of Veroia, Greece
24th Hellenic Congress of Surgery, 10/2004, Thessaloniki
8. Krommidas Ch, Efkarpidis Th, Zachariadou M, **Zacharakis E**, Papakostas Ch,
Kotronis A, Fililatzi Ch, Papadopoulos V, Chatziathanasiou T.
Surgical diseases of the thyroid gland: Our experience between 1998-2003
District General Hospital of Veroia, Greece
24th Hellenic Congress of Surgery, 10/2004, Thessaloniki

9. Papadopoulos V, **Zacharakis E**, Chatziathanasiou T.
Abdominal compartment syndrome. Surgical treatment by the method of SILO (BOGOTA BAG)
District General Hospital of Veroia, Greece
24th Hellenic Congress of Surgery, 10/2004, Thessaloniki
10. Papadopoulos V, **Zacharakis E**, Chatziathanasiou T.
Surgical treatment of FOURNIER'S gangrene with perineum-scrotal debridement and right transverse colostomy
District General Hospital of Veroia, Greece
24th Hellenic Congress of Surgery, 10/2004, Thessaloniki
11. Papadopoulos V, **Zacharakis E**, Chatziathanasiou T.
Chronic fistulization after repair of inguinal hernia with plug and mesh. Surgical treatment with removal of the prosthetic material
District General Hospital of Veroia, Greece
24th Hellenic Congress of Surgery, 10/2004, Thessaloniki

INVITED SPEAKER/FACULTY

1. **HIFU outcomes** (*speaker*)
The Institute of Urology, University College Hospital of London
European Association of Urologists (EUA), HIFU-Society Meeting, 3/2007, Berlin
2. **New management strategies in ischaemic priapism** (*speaker*)
The Institute of Urology, University College Hospital of London
*Current uroandrogical research at major European clinics
European Association of Urologists (EUA), Annual Meeting, 3/2011, Vienna*
3. **Shunts for Priapism** (*speaker/faculty*)
The Institute of Urology, University College Hospital of London
1st Update Mens Health Masterclass, 3/2013, London
4. **Robotic reconstruction** (*speaker/faculty*)
The Institute of Urology, University College Hospital of London
13th International St Peter's State of the Art in Urology, 5/2013, London
5. **Priapism** (*speaker/faculty*)
The Institute of Urology, University College Hospital of London
3rd Joint Meeting of the EAU Section of the ESGURS and ESAU, 9/2013, London
6. **Surgical Management of Priapism** (*live surgery/speaker/faculty*)
The Institute of Urology, University College Hospital of London
2nd Update Mens Health Masterclass, 2/2014, London
7. **8th Master Class of Urethro-Genital Surgery**(*live surgery/faculty*)
Institute of Urology, University College Hospital of London, UK (11/2014)

8. **ESSM Annual Meeting 2015** (*live surgery*)
